不过嘛!!

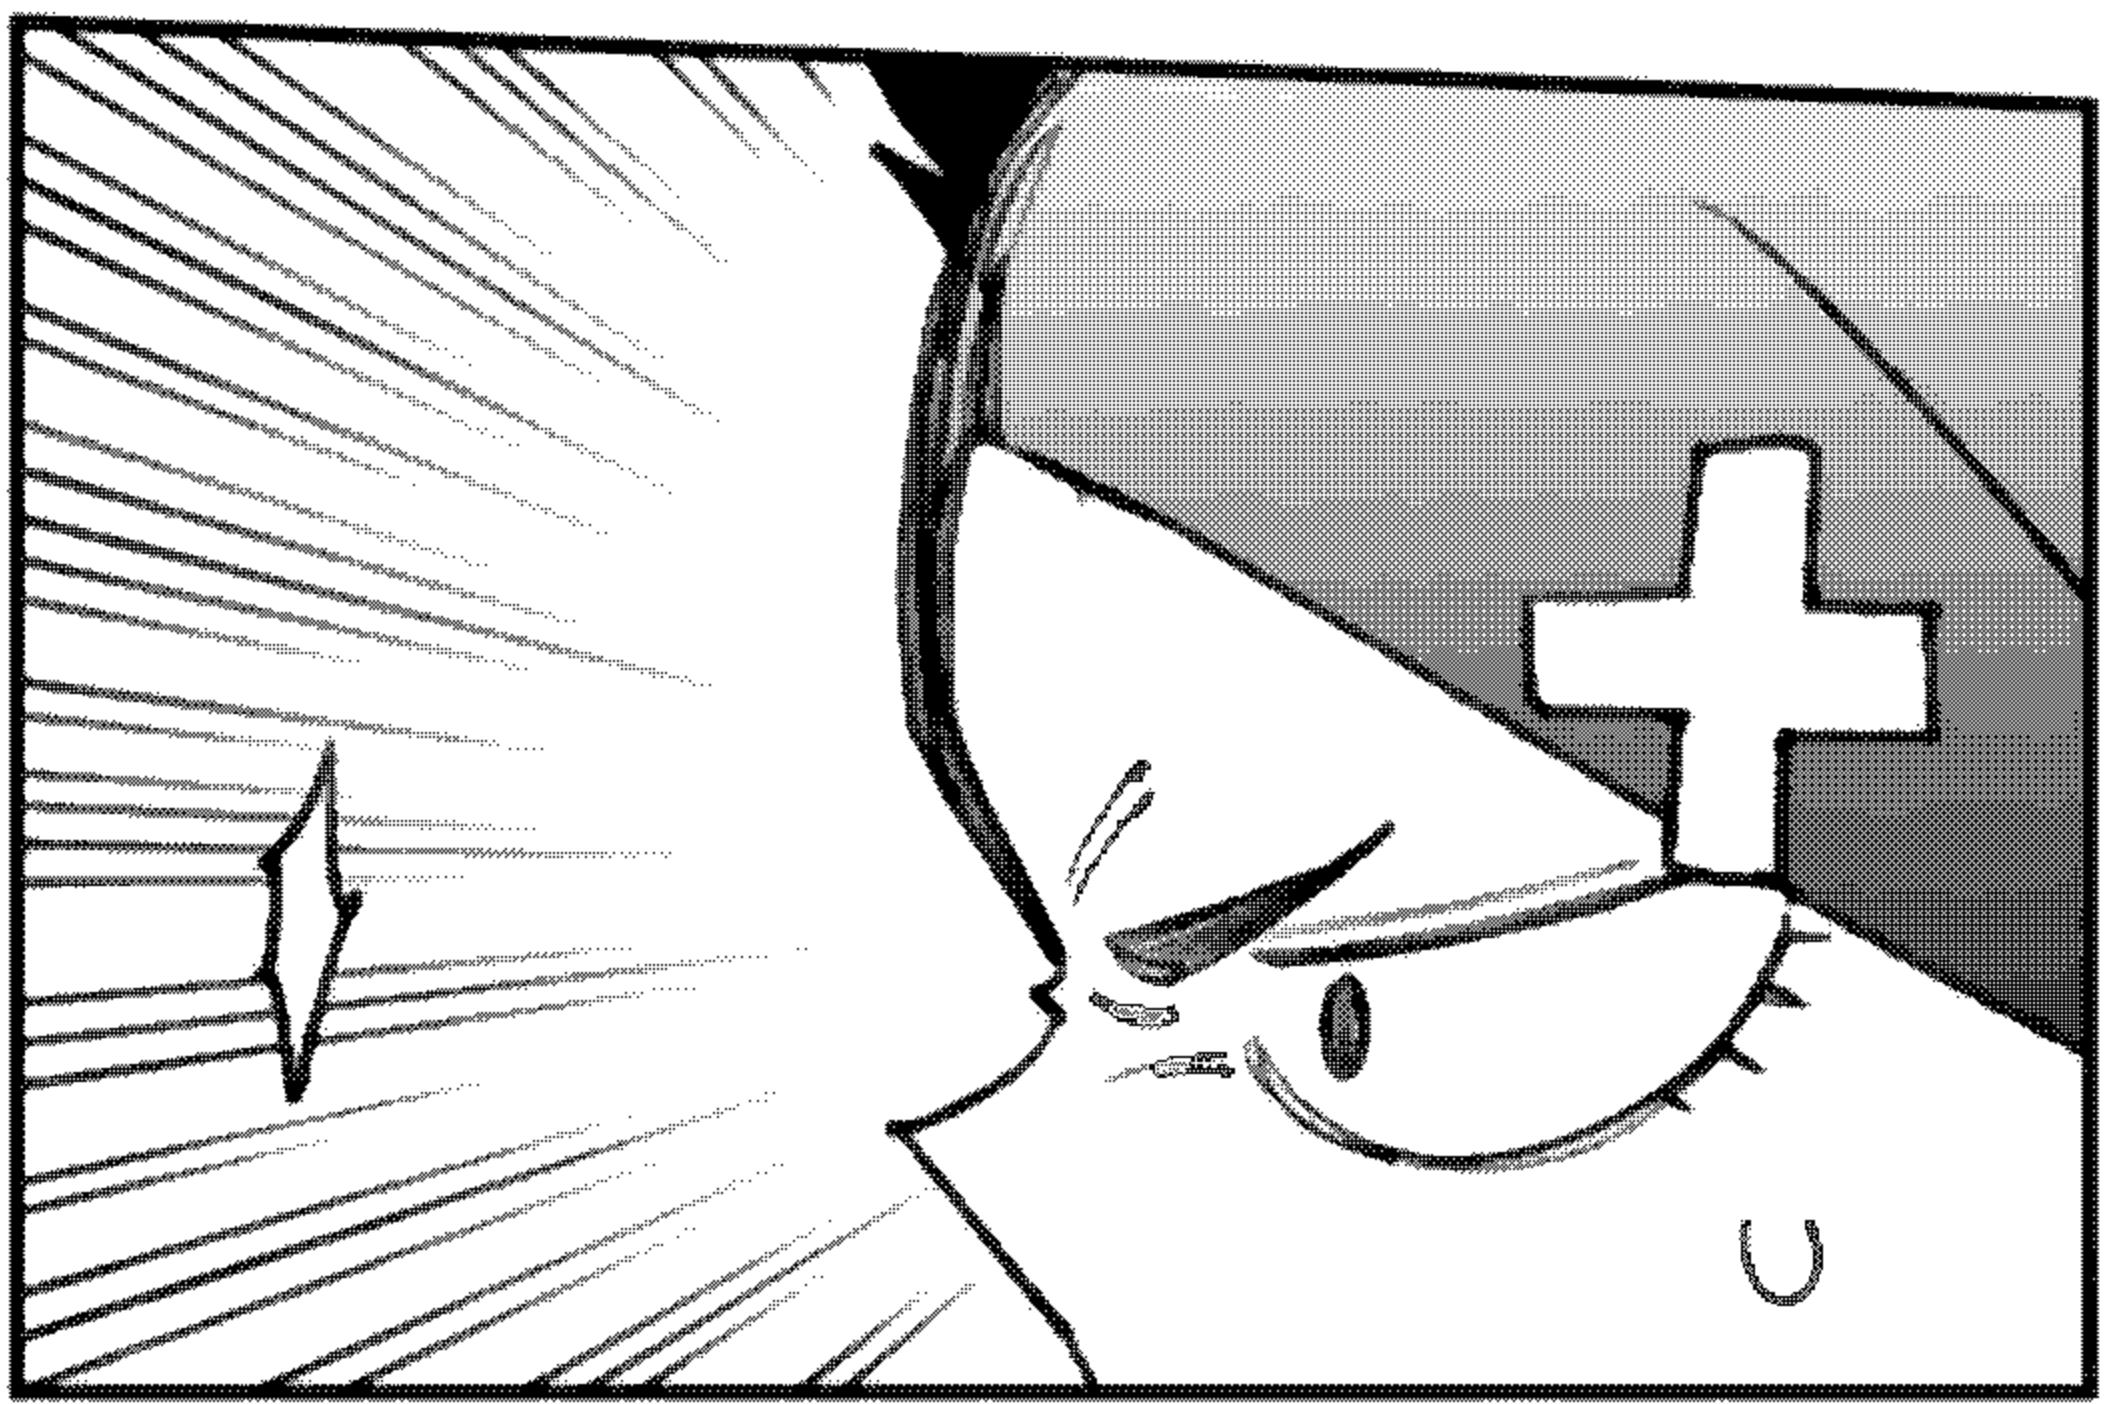

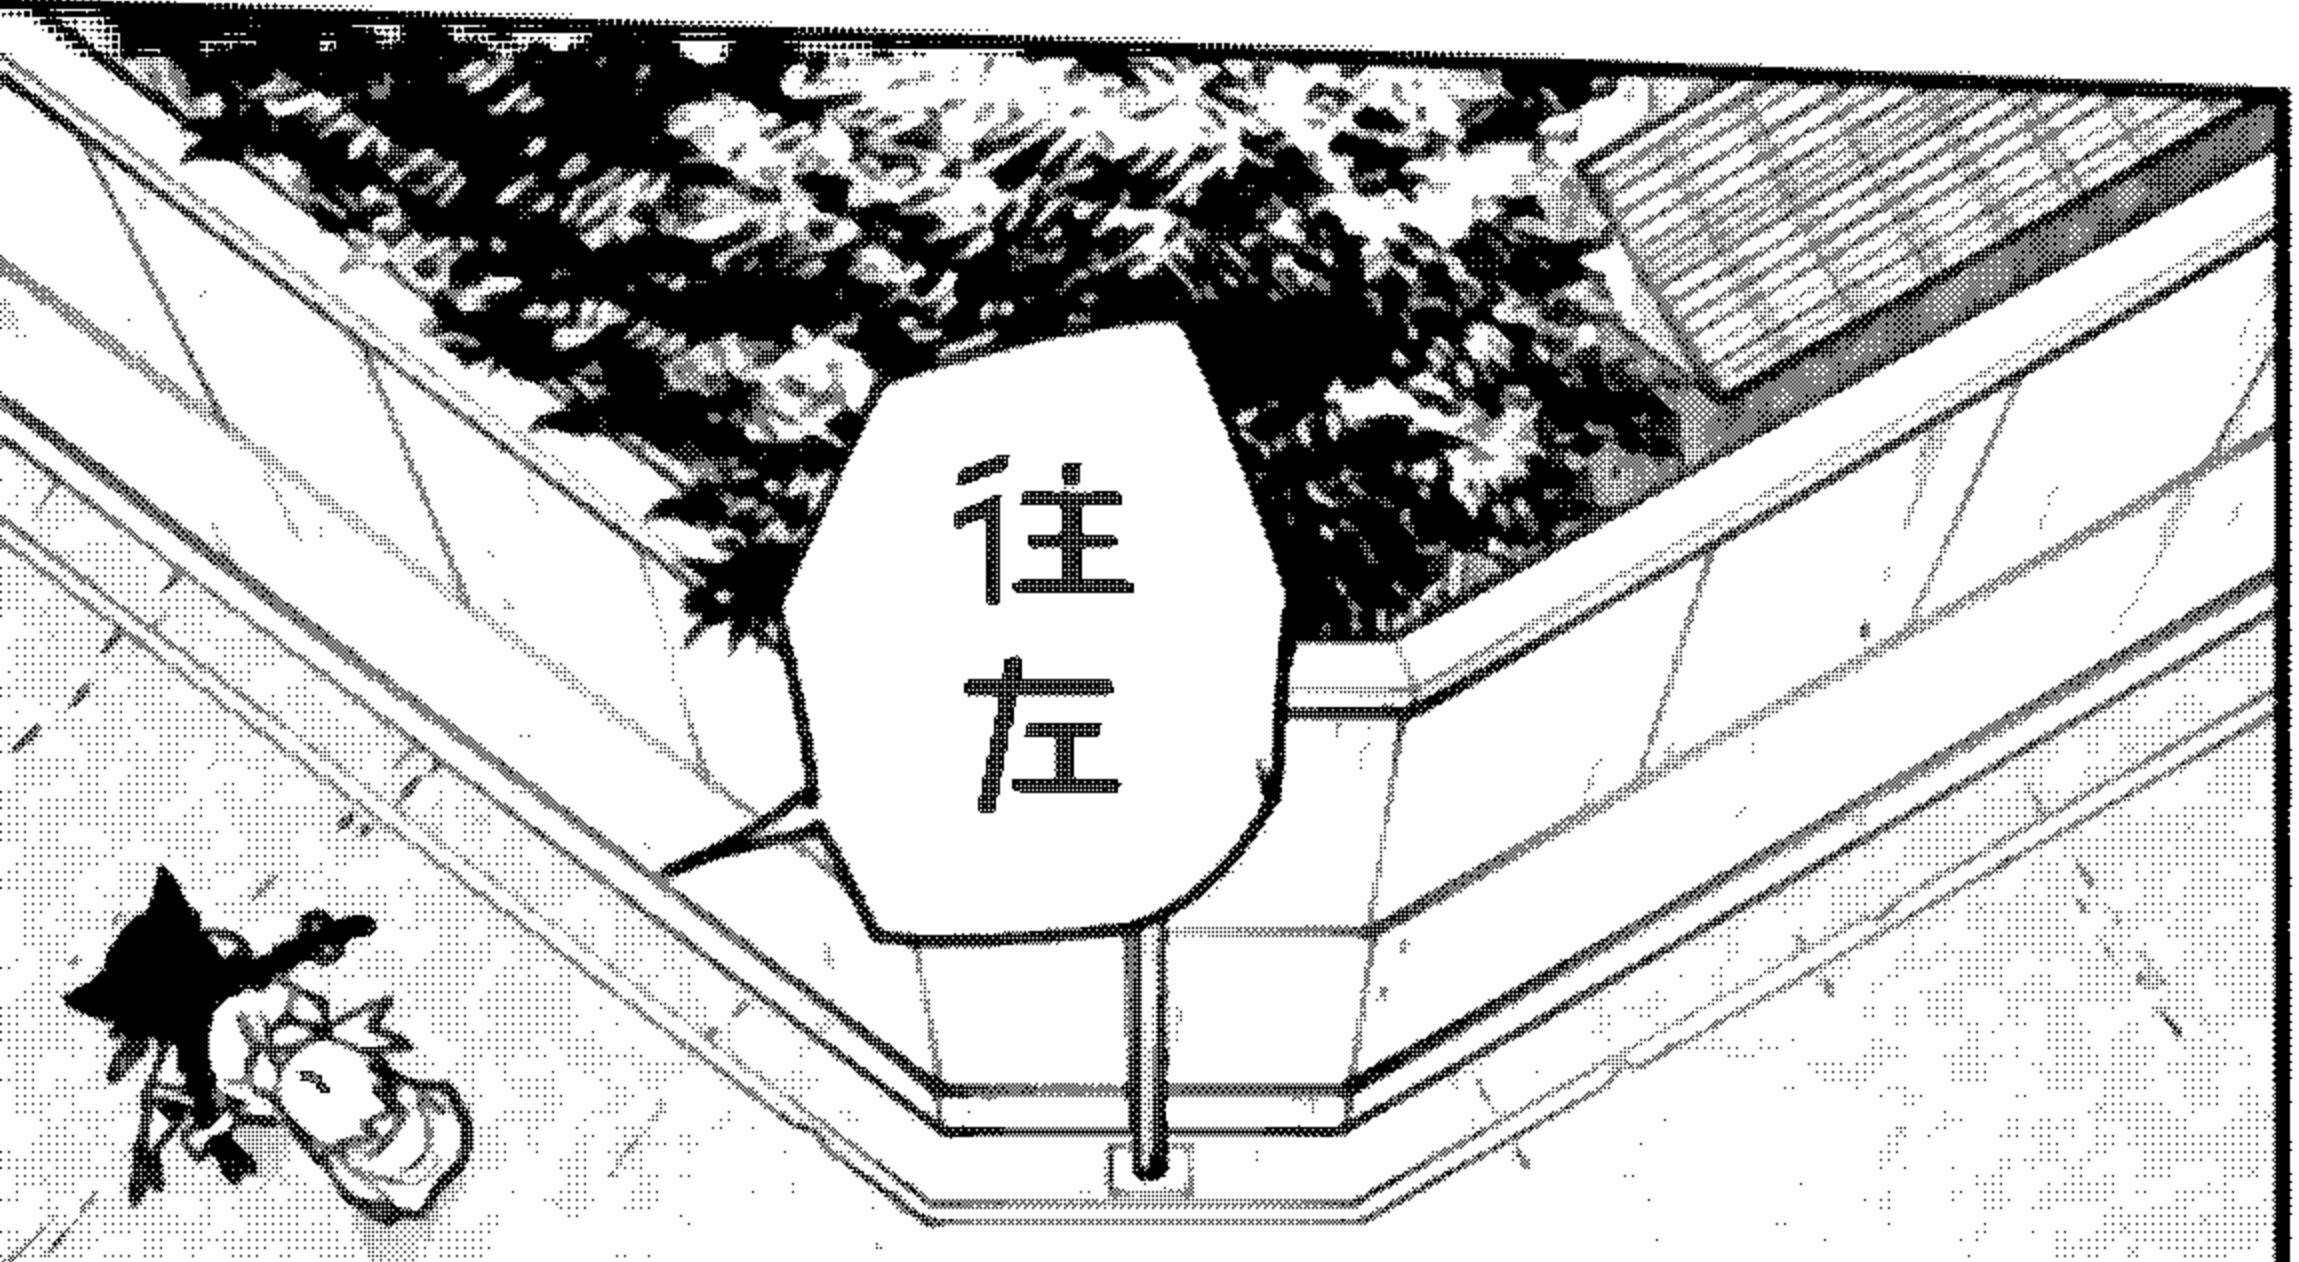

你应该的体型
过不了小路吧!!!

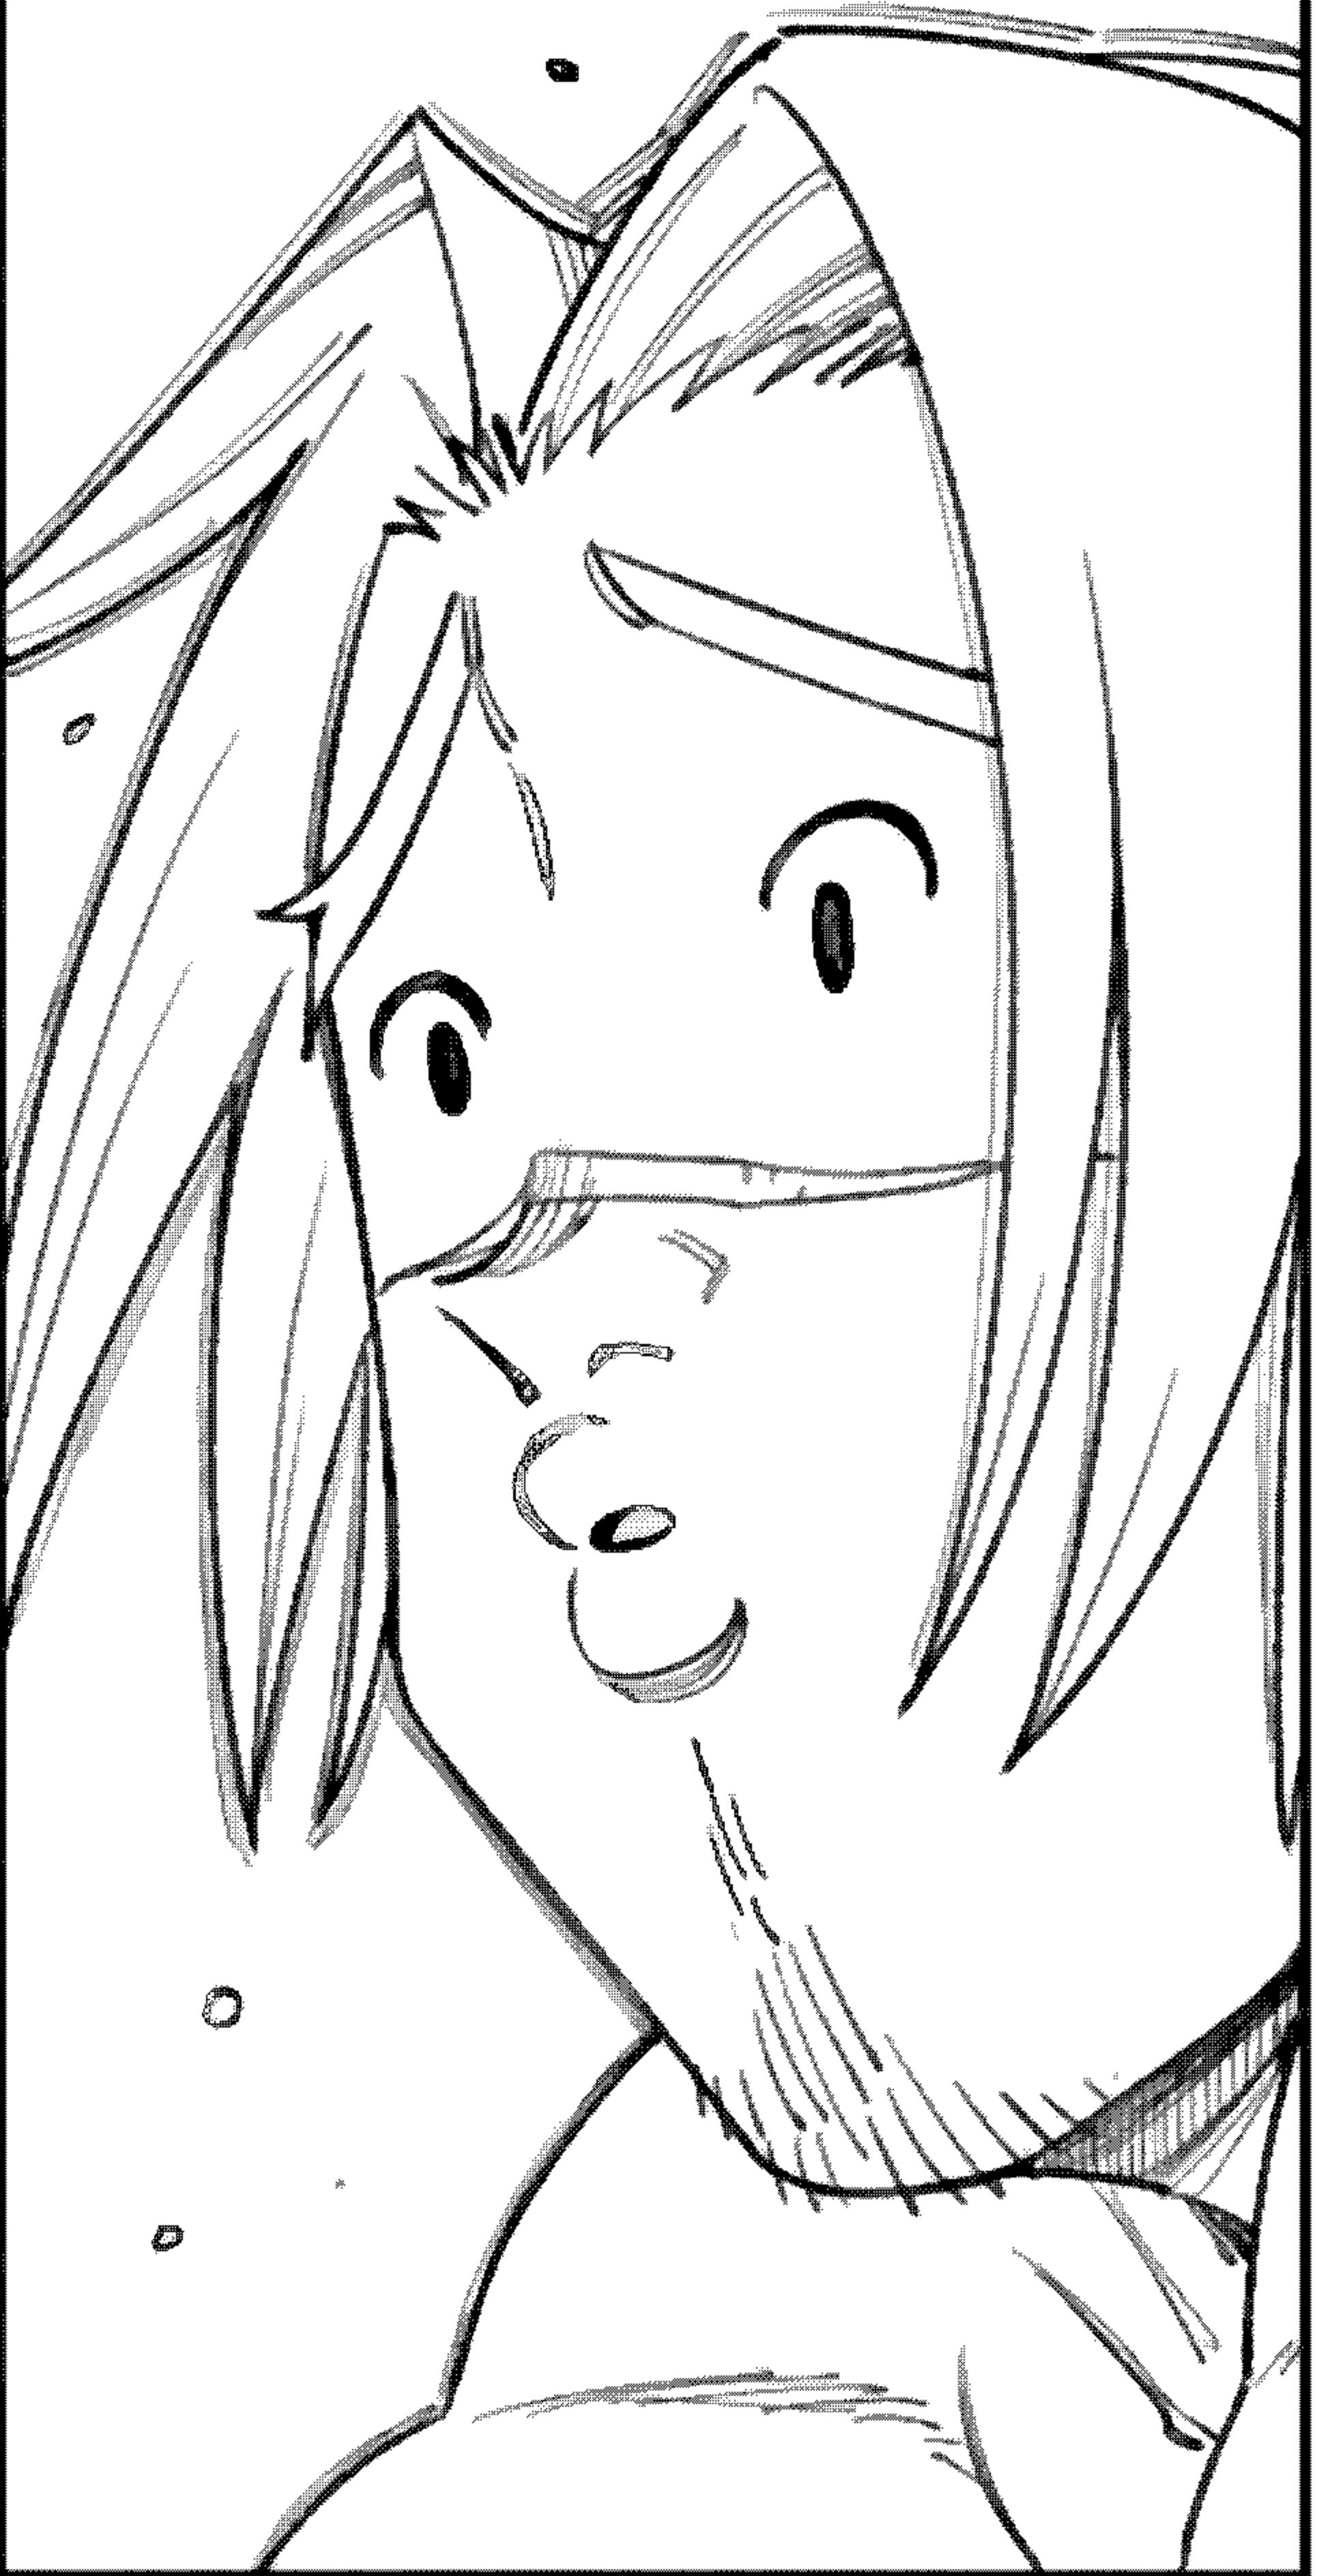

すう...

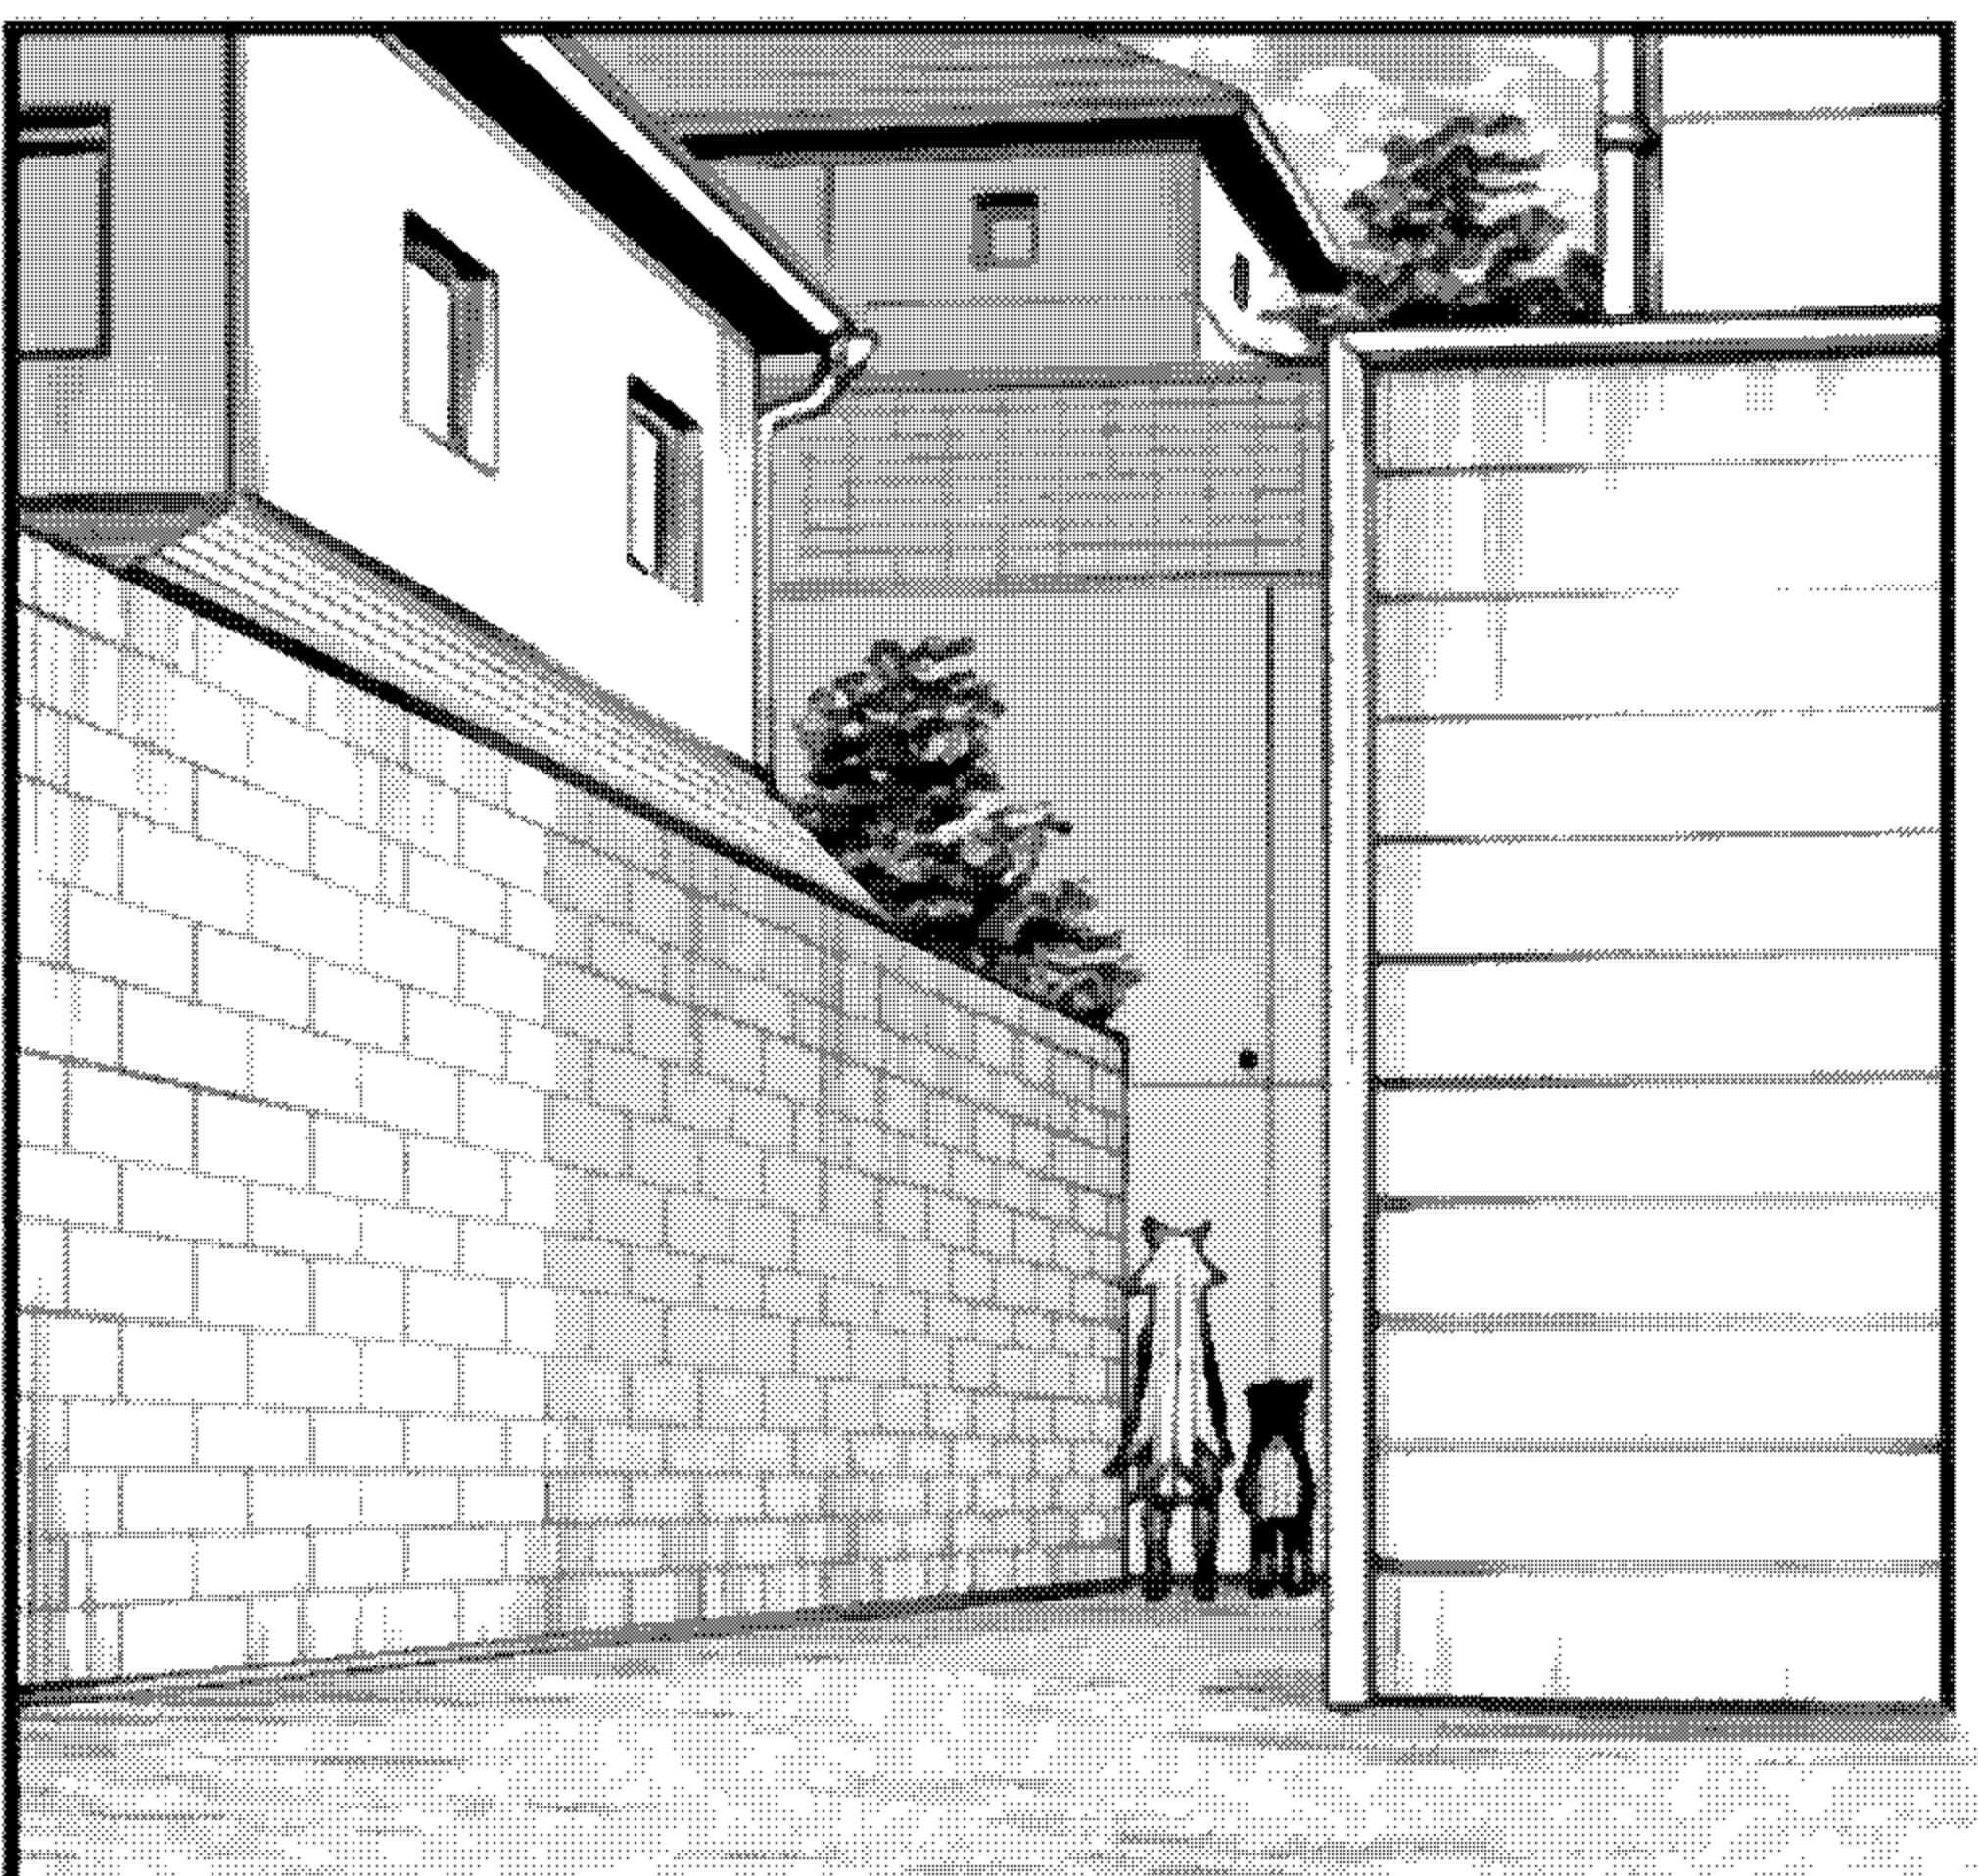

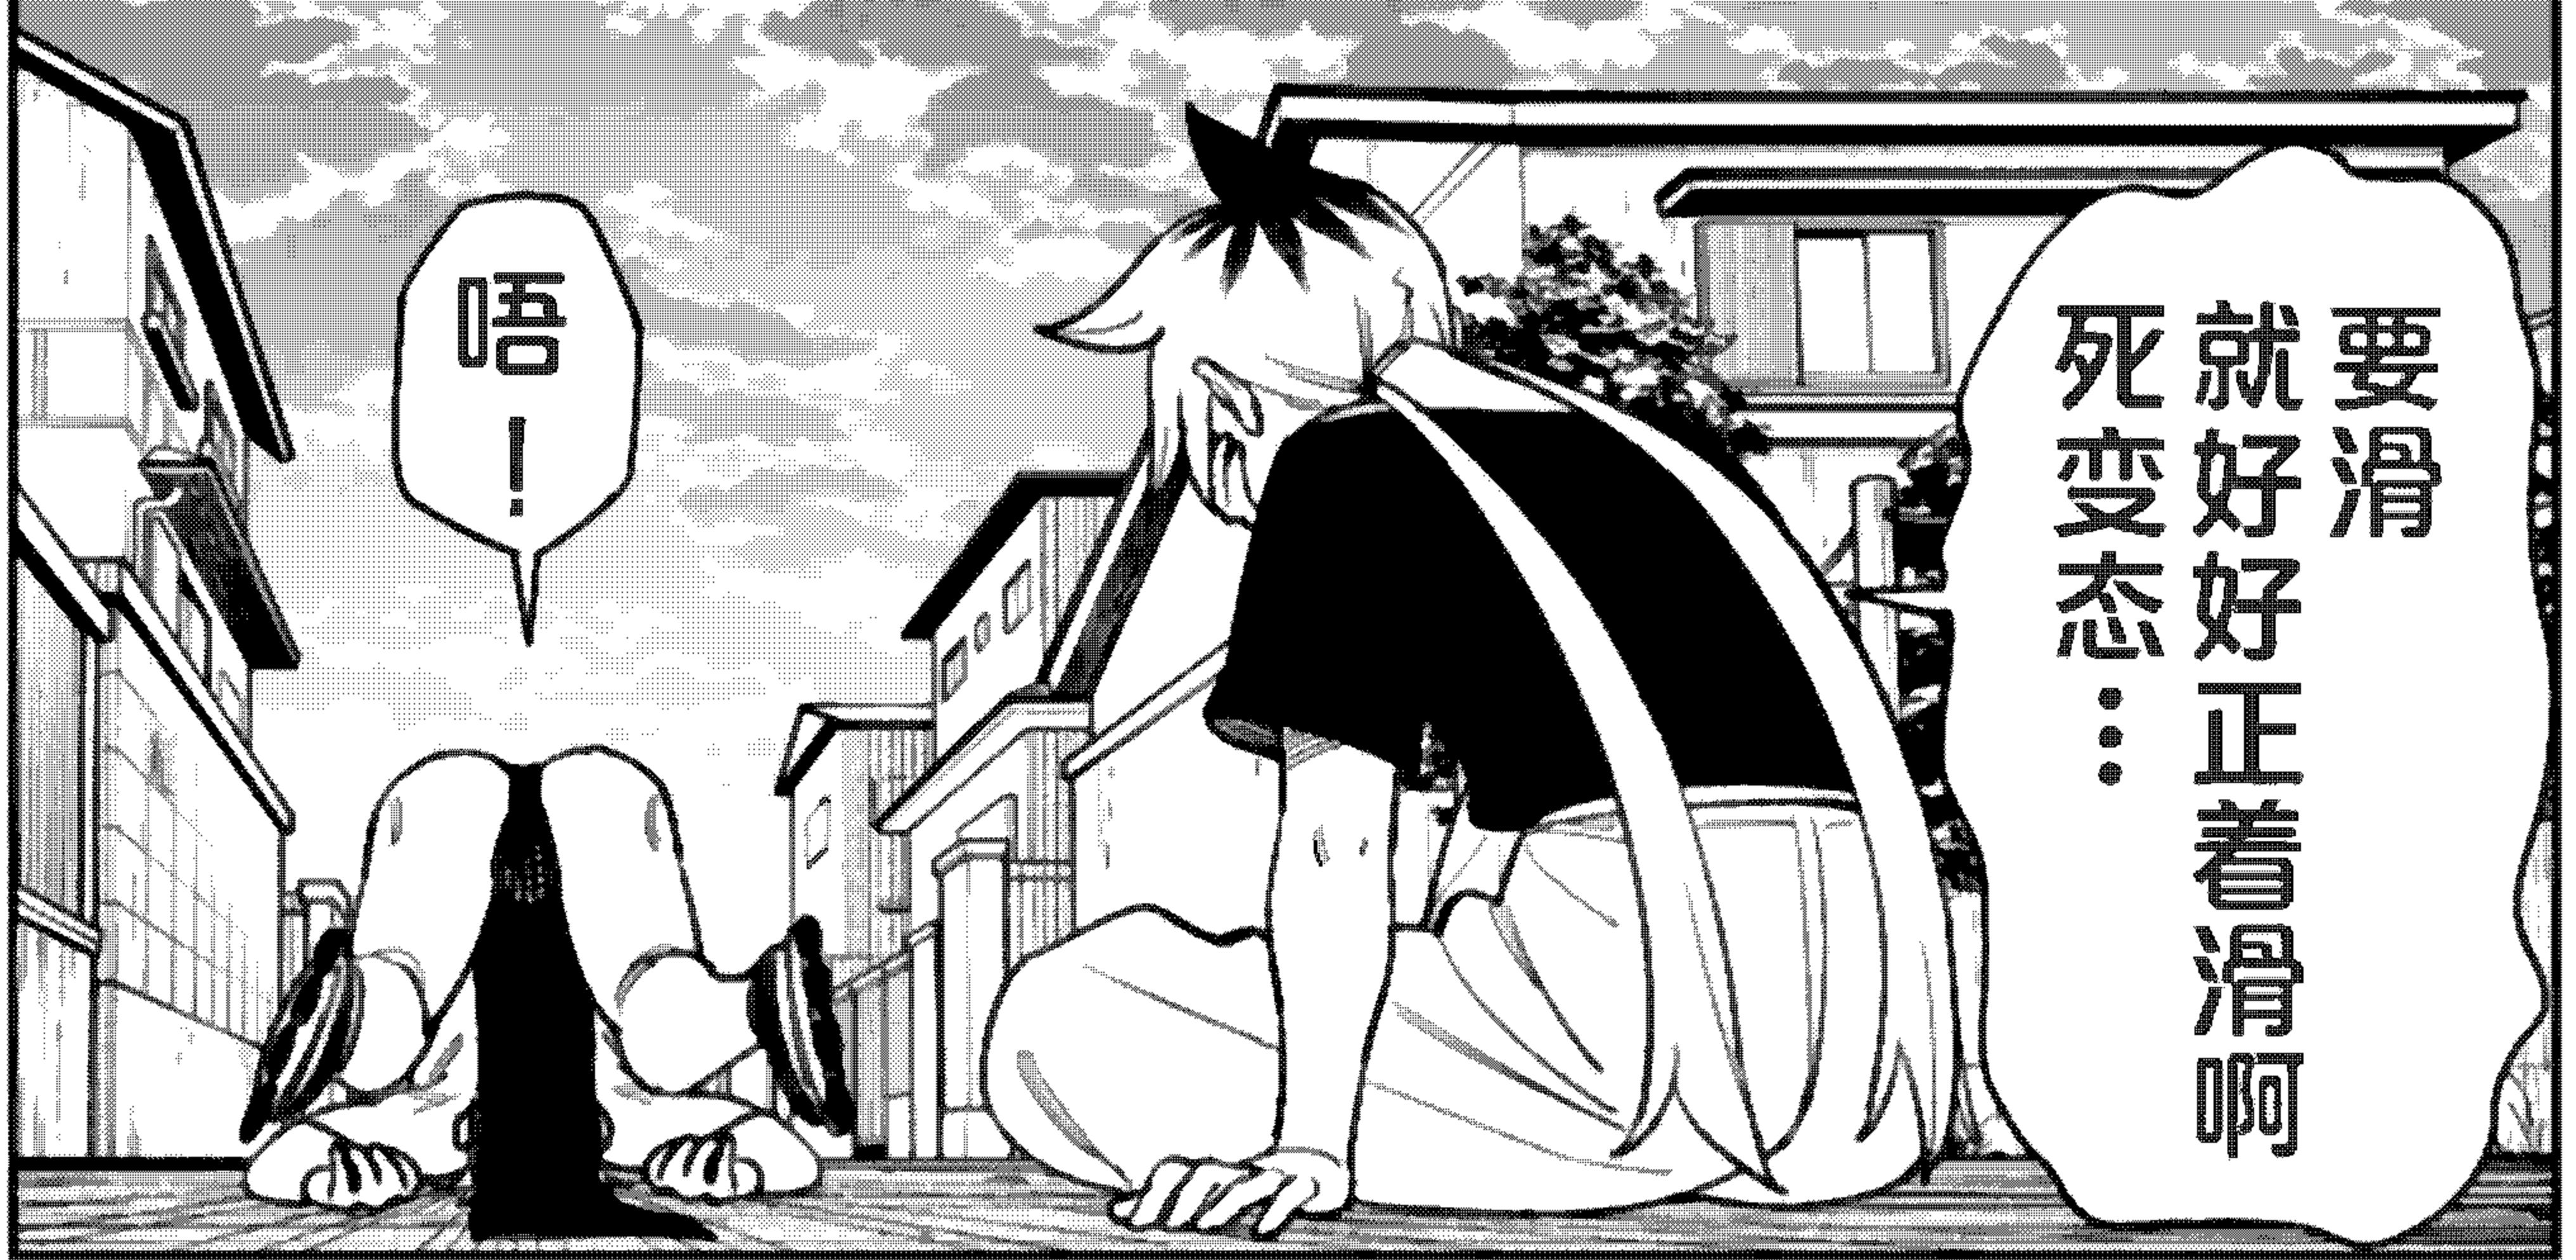

The image consists of a vertical arrangement of nine horizontal rows. Each row displays a pattern composed of black and white dots arranged in a specific geometric shape. The first eight rows each feature two identical patterns side-by-side. These patterns resemble stylized letters or symbols: the left one looks like a lowercase 'f' or a '4' rotated 90 degrees, and the right one looks like a lowercase 't' or a '3' rotated 90 degrees. The ninth row is unique, containing three different patterns: the leftmost is similar to the first symbol in the previous rows, the middle one is a diagonal cross shape, and the rightmost one is a question mark shape.
