1990-1991: The first year of the new system was a success, with many positive outcomes. The new system provided a more efficient and effective way of managing the school's financial resources, resulting in significant cost savings. It also improved communication between the school and its stakeholders, leading to better decision-making and accountability.

This is a high-contrast, black-and-white halftone image of a person's face, likely a mugshot or identification photograph. The person has short, light-colored hair and is looking directly at the camera with a neutral expression. The image is framed by a thick black border, which is itself set against a background of dark, textured patterns resembling wood grain or bark. The overall quality is grainy and has a high-contrast, almost binary appearance.

THE HOT TOPIC

A black and white halftone photograph showing a landscape. On the left, there is a prominent, dark, and rugged rock formation. To the right of the rocks, a dense forest of tall evergreen trees extends across the frame. The sky above the trees is bright and featureless.
